Dear Sid:

Reference is made to your CMCC Doc. No. 151X5.1136 concerning funding differences between Customers.

25X1 Everything looks fine. However, in checking the System 4 R & D work, we find that our agreement with FOC was to deduct only [ ] for costs of prototype System 4 and test set, with the balance of System 4 costs split 50-50 between Customers A and C. Accordingly, this adjustment should be made.

It appears that only minor funding adjustments between Customers will be required based on the aforementioned report. A final funding report is requested as soon as possible.

Sincerely,

Dan
